TRANS CANADA TRAIL
SENTIER TRANSCANADIEN

The Trans Canada Trail is the world's longest network of trails. The completed Trail stretches 24,000 kilometres from the Atlantic to the Pacific to the Arctic Oceans, linking more than 33 million Canadians. The Trans Canada Trail is the longest recreational trail in the world. The Trail is inspiring people to get active and enjoy the outdoors: walking/hiking, cycling, cross-country skiing, horse-back riding, canoeing and snowmobiling.

The Trail is made up of more than 400 individual trails, each developed, owned and managed at the local level. Each section of the Trail has unique and varied features which contribute to the diversity and grandeur of Canada's national trail.

The Trans Canada Trail offers a unique way to experience Canada's legendary wilderness: cycle historic rail trails, explore provincial and territorial capitals, canoe the routes of early explorers; visit national and provincial parks, commute to and from work; picnic in urban parks, and learn about Canada's rich history and diverse cultural heritage.

The Trans Canada Trail in Ontario, now complete, stretches over 5000 km. Today 2700 kilometres of trail are open for use. Go to tctrail.ca explore the map to find the Trail near you, download GPS data and print maps of the Trail. The Trail project is still under development and requires support in terms of funding and volunteer help. To find out how you can support the Trail or get involved, please visit tctrail.ca.

All riders on OFATV trails must have the Provincial Trail pass affixed to their ATV. This provincial pass grants access to any and all OFATV trails in Ontario and also allows you to participate in all OFATV Club events and rides.

If there is no ATV club in your area - consider starting one. Contact the OFATV office at 705-747-6197 for more information or visit www.ofatv.org
