Scale: 1:250,000
1 cm = 2.5 km, 1" = 40 miles

Great care has been taken in the design and production of this map, to make it as accurate, complete, and convenient as possible for the user. However, neither the publishers, nor any of the other contributors to this project can accept responsibility for any errors which appear, or their consequences, or warrant the safety or fitness of the suggested routes.

Please take responsibility for your own safety when cycling: wear a helmet at all times and if travelling at night is unavoidable, be sure to have your bicycle properly equipped with lights and wear bright clothing. Watch for cars as if you were driving one - don't assume motorists will always see you first.
